- ▶ TEAMWORK
- ▶ PATRIOTISM

WELCOME NOTE

Choosing the right school is one of the most important decisions you can make as a parent. To give a child the best possible start in life, the environment must be nurturing yet smiling. Each child's individuality must be respected. An encouraging, engaging, and positive experience in the early childhood foundation years will prepare the child for the challenges of formal schooling and the world beyond. Our unique curriculum fosters all-round development and guarantees that our learners are constantly encouraged, inspired, motivated, and eager to pursue their interests. This facilitates their exposure to a new world, a world that is full of fun, play, and learning while doing, with the additional crucial disciplines of dance, drama, and more. Such well-planned holistic activities provide them with umpteen opportunities to choose their areas of interest and excel in life. We welcome our budding young talents to the cradle of Learning. Together with our committed staff and enthusiastic parents, we wish to provide our children with a platform to explore and express themselves and enjoy a fun-filled journey of learning.

OUR VISION

To foster the spirit of learning, caring, sharing and innovation by igniting young minds.

OUR MISSION

To provide a holistic learning experience, state-of-the-art infrastructure and sports facilities in a safe, secure, child friendly environment that develops curiosity about learning among the children. To mould their innate qualities and thus shape young and impressionable minds to meet the demands of a dynamically changing world.

OUR MOTTO

'Igniting Young Minds'

SCHOOL TOUR

PRINCIPAL'S DESK

"IGNITING YOUNG MINDS"

We, at the Mother Teresa Modern Public School, uphold the ethos and values of the Indian education system integrated with science, knowledge and technology leading to the creation of global Indian citizen who could perform under any circumstance. We strive to highlight our students' potential and inculcate in them the skills of lateral and innovative thinking, reading habit, research orientation, and decision-making capabilities, along with nurturing and developing physical and mental strength to sustain and excel under any situation.

We concentrate on the all-round 'Holistic Development' of our students thereby enabling them to acquire the competency to deliver efficient and effective use of knowledge in real life situations.

Every child is unique and has innate potential. Our team of professionals ignites these young minds, providing them with the right platform to excel in all spheres of life.

With warm regards!

Ms. Pooja Saxena
Principal

ABOUT US

Mother Teresa Modern Public School in Kurukshetra is affiliated to CBSE, New Delhi. Located in a lush green pollution free environment, the school brings to its students an unparalleled world of academic excellence. With its modern infrastructure and world-class facilities, the school has established its superiority over other institutions in the city and has maintained an exceptional record of Excellent Board Exam results year after year.

Mother Teresa Modern Public School aims to provide its students an opportunity to enhance their innate qualities. We seek to inculcate a creative, independent, innovative thought process in our students by balancing academics with co-curricular Activities. This will enable them to achieve all round development.

Our School organizes regular workshops, seminars and personality development programmes to keep our students abreast of emerging trends. A structured sports curriculum with exposure to various state-of-the-art facilities allows them to excel in sports. We offer professional guidance programmes in the higher grades to groom our students to become successful young professionals.

In short, we at Mother Teresa Modern Public School empower our young minds to explore their capabilities and nurture them to gain the desired result.

STRUCTURED CURRICULUM

Well-designed Date wise lesson plans with a Structured Curriculum form the basis of our academic excellence. Teachers are trained to follow and adhere to the routine.

PRE PRIMARY SECTION

At this stage the emphasis is on learning through play. The school follows an optimal mix of Montessori, play way, interactive & formal schooling methods to nurture its pupils. Innovative and colorful techniques of teaching are imbibed to engross the little minds while instilling the concept of learning in them. The emphasis is largely laid upon Language and Cognitive development, Fine and Gross Motor Skills and Experiential Learning.

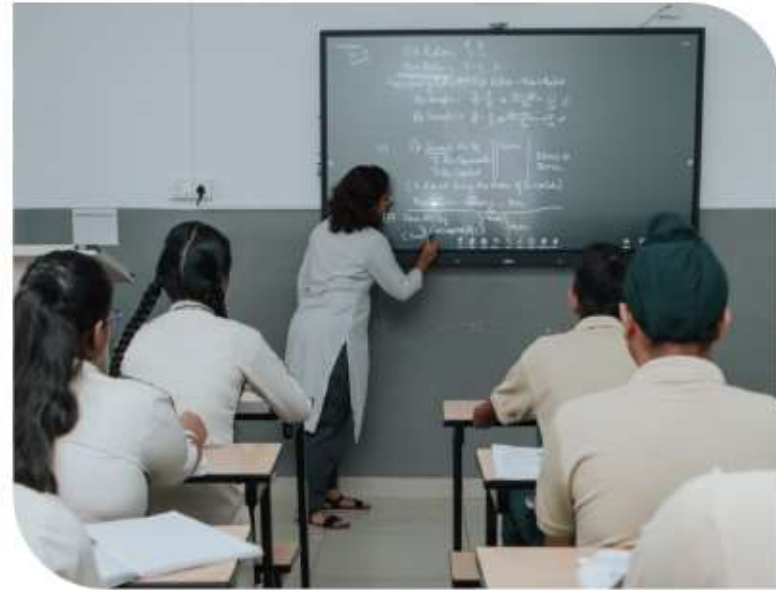

PRIMARY SECTION

The curriculum for this department is planned keeping the tenderness of the pre primary section that the children hail from and also preparing them for Middle School. The VAK (Visual, Audio, Kinaesthetic) way of education is judiciously applied while delivering the Curriculum effectively. The experience of preparing for and appearing in a formal is yet another task for students, which is handled with utmost care by the teachers of this school. The introduction of application based knowledge is the prime feature of this department.

MIDDLE SECTION

This is a stage when children enter adolescence emotionally and academically, and MTMPS prepares them with a wide range of subjects. All this is handled with an expert and cocooned hand only to provide a smooth transition from Primary School to Senior School. Associating the classroom learning with real life experiences requires a special mention at this juncture.

SENIOR SECTION

The Secondary and Senior Secondary Sections are the most vital years in school life, where great emphasis is laid on academics and personality development. We believe that confidence in expression is as important as reproducing it on answer papers. Special attention is given to concept development to facilitate the path to a professional life. These final years for our students are dedicated to application and experiential learning. The use of labs for science and computer, the enrichment of co-scholastic training in terms of debate, quizzes, extempore, and public speaking are stressed for finer grooming.

Division for GWA A: 2%

To Old Partners Capital A/C

(FFGWA distributed in Old Partners Capital A/C)

B-15

Old Ratio = $\frac{A}{3} : \frac{B}{2}$

New Ratio = 5 : 4 : 3

Sacrificing Ratio = Old Ratio - New Ratio

A's Sacrifice = $\frac{3}{5} - \frac{5}{15} \Rightarrow \frac{9-5}{15} = \frac{4}{15}$

B's Sacrifice = $\frac{2}{5} - \frac{4}{10} \Rightarrow \frac{4-4}{10} = \frac{0}{10}$

SMART CLASSROOMS

Spacious, well-furnished and well-ventilated classrooms provide the right ambience for effective learning. Classrooms are Wi-Fi enabled and equipped to use modern technology to impart quality education to our students.

LAUDED STAFF

The school has well qualified and experienced staff. Regular training is being provided to the staff to equip them with new teaching methodologies to align and attune them to the changing needs based on national and international standards.

PHYSICS LAB

Built according to modern architectural design, Physics Laboratory of the school is equipped with all the latest lab apparatus. The lab is multi-facilitated for students of in grades XI-XII to nurture their technical skills. Their theoretical knowledge is put into practice by making the students experiment on topics like optics, measurement, electricity etc under the guidance of qualified teachers and trained lab assistants. The experiments carried out here with intricate details remain forever in the young minds once imbibed. The entire functioning is done as per standardized safety norms.

Physics Lab

Chemistry lab

CHEMISTRY LAB

The chemistry lab is a required component of **all** chemistry courses not only to give experiments their due **place** in the subject but also to promote in general, an experimental culture in the school system. In the chemistry lab students are expected to indulge in a creative interplay of observation, experimentation and theoretical inferences. As per the guidelines of CBSE curriculum even the most basic techniques and procedures like inorganic and organic analysis, both qualitative are dealt with in such an enthusiastic and efficient manner that they not only enable students to face various changes related to health, nutrition, environment, industries, weather etc but also acquaint them with different aspects of chemistry in daily life.

BIOLOGY LAB

The Biology lab of our school is equipped with all the latest scientific instruments required for the effective teaching of Biology. It also has an array of charts conveying various topics and is a museum of many synthetic specimens of plants and animals which makes the lab a very interesting place for students of all age groups. The most attractive feature of our biology lab is the Human skeleton which the students love observing. The hidden world of biology is explored by the students under the guidance of able teachers through microscopes and slides. Our lab is always occupied with enthusiastic students involved in various scientific projects which make the lab a hub of innovative activities.

Biology lab

HEALTHCARE LAB

This year, MTMPS has introduced a basic course in Health Care. It will teach the students how to analyse patient demand and promote good care for loved ones in hospitals. This course will allow students to work in many different areas of paramedical departments. While all courses teach health care concepts, this course is tailored for a particular objective in order to most effectively prepare the students for their paramedical careers, which can range from Paramedical staff to nurses and GDAs.

COMPUTER LAB

The computer lab was established with the intention of accelerating a creative interest in modern technology and scientific knowledge. It is fully equipped with the latest state-of-the-art, computer software, hardware and networking. It is actively used under the guidance of well qualified and experienced staff for to impart computer computer skills and knowledge to the students.

INDIAN & FOREIGN LANGUAGES

To create global citizens of tomorrow and understand the importance of learning foreign languages to equip students with more tools to withstand the pressure of the professional world, we have started with German along with the already existing Sanskrit and Punjabi as the third language option.

MUSIC ROOM

Music is the universal language that brings people together. MTMPS offers a wide range of instruments, genre or style to choose from, classical, keyboard, tabla, guitar, or drums. Children are encouraged to take up solo and group singing. Trained teachers guide students in this endeavour.

LIBRARY

To inculcate the habit of reading and thinking among children, MTMPS has a well stocked library that goes beyond textbook learning. From renowned works of fiction to classics, self help books, science and technology; the library has a large collection of periodicals and journals related to history and culture, along with selected local and national dailies. MTMPS provides a digital version of the library to its students on the school app.

BUREAU OF INDIAN STANDARDS

The Bureau of Indian Standards is the National Standards Body of India under Department of Consumer affairs, Ministry of Consumer Affairs, Food & Public Distribution, Government of India. BIS has taken the initiative of creating Standards Clubs in educational institutions with teachers and students as members. Through a variety of activities under these Clubs, young talents get learning opportunities in the field of quality and standardization. Teachers have an important role in the activities of the Clubs and would serve as beacons of light, guiding and motivating students to channel their creativity and enhance their scientific temperament. In their nascent stages, the Standards Clubs have already garnered prominence and are being enthusiastically promoted by educational institutions to supplement and improve the schooling experience of students and provide opportunities to improve their professional and personal growth.

TEACHER TRAINING

Teacher training programmes offer teachers new methods to keep their classroom and curriculum fresh, exciting and highly knowledgeable. We, at MTMPS provide regular training session to our teachers to enable them to be fully equipped with 21st-century skills. Teachers are taught to encourage the students to actively take part in the activities conducted for their benefit and to ask questions. This would help in the overall development of the child and would also increase his capability and finally his grades.

ONLINE CLASSES

Interactive, innovative and smart learning have revolutionized education and our perception of it. Believing that every child is unique and has a different pace of learning, MTMPS strives to understand and fulfil the individual needs of every learner. We tickle the imagination of our children and encourage them to Explore, Experience, Experiment and Discover their own path through visual learning using smart technologies. The stimulating and motivating environment at MTMPS replete with love, affection and joy, brings out the best in every child. Our education system builds the character of its students and empowers them in all aspects of mental, physical, emotional, social, and spiritual growth.

Science Club:

inculcates a scientific approach and delivers opportunities to develop an interest in projects to train students in techniques of innovation and creativity

FUN & LEARN... HAND IN HAND

All work and no play makes Jack a dull boy. We are responsible for the overall development of the millennials. We, at MTMPS, understand the importance of having fun while learning and therefore offer a diverse pool of cultural, physical, traditional, patriotic, social awareness and zonal activities. Overall, a healthy mind resides in a healthy body.

Art Club:

Develops imagination, creative thinking, and self-expression. Students learn new techniques and mediums

Math Club:

Develops mathematical skills and introduces a creative way of cracking tricky mathematical problems

Eco Club:

Eco clubs in schools will empower students to participate and take up meaningful environmental activities and projects. It is a forum through which students can reach out to influence, engage their parents and neighborhood communities to promote sound environmental behavior

Music Club:

Encourages students to express themselves through music. Students learn different musical instruments and acquire detailed knowledge about the same.

Dance Club:

Develop an understanding of different dance forms, expressions, and rhythms.

Sports Club:

Our sports club is very popular among the students. The list of different activities allows for all students to find something they can enjoy and become part of a team, compete in games with other schools and earn medals and trophies. The Physical Education department offers an array of sports Activities, which include. Cricket, football, basketball, volleyball, lawn tennis, table tennis, hockey, badminton, athletics, chess and carrom.

FIELD TRIP & TOURS

A field trip is one of the best tools that we can use to provide every student with real-world experiences. Whether that's a trip to the local grocery store, waterfront park, library, museum, theatre, community garden, or restaurant, each experience that a student participates in contributes to their understanding of the world. When students leave the classroom, they see the connections between what is happening at school and in the 'real-world'. They begin to see that what they learn within the walls of the classroom can help them solve the problems they see in the world around them and can have a direct impact on who they become as people.

Summer Camp

Dive into the thrilling world of summer camp adventures! We bring you a glimpse into the exciting activities and unforgettable experiences that unfolded during our action-packed summer camp, where young minds embrace new skills, discover new culinary classes photoob memories to last a lifetime. Discover the transformative power of our summer camp, the incredible growth and laughter shared by our enthusiastic campers.

NATIONAL CADET CORPS

NCC stands for National Cadet Corps, a training programme. It is open to students at schools and colleges. It's a voluntary programme, and any student can join it. This programme teaches students to live a disciplined life. It's a Tri-service organisation engaged in grooming the youth in India to become patriotic citizens. The main aim of NCC is to create organised, trained, and motivated youth. With this aim, the NCC not only creates soldiers for the nation but also develops leadership skills in the youth. We have a certified Associate NCC officer. This year, four of our students were selected for the Republic Day Parade.

NATIONAL SERVICE SCHEME

NSS helps the students grow individually and as a group. Volunteering for various tasks under NSS activities allows students to become confident, develop leadership skills, and learn about different people from different walks of life.

SPORTS & GAMES

Sport strips away personality, letting the white bones of character shine through. Sport gives players an opportunity to know and test themselves. "At MTMPS, sports and games form an integral and compulsory part of the education process. Sports help to build character and teach the importance of discipline in life. It inculcates an IS that has taken the initiative of creating Standards Clubs in educational institutions, comprising teachers and students, respect for rules, and allows the participants to learn the value of self control.

Haryana Sports & Youth Affairs Department
Sports Nursery Scheme

SPORTS NURSERY

We are elated to share that MTMPS has been allotted a sports nursery for volleyball (boys), keeping in view the state-of-the-art volleyball court and eminent coaches. Through this scheme, the state government aims to shape young sports talent in the right direction, thereby making them eligible to compete and earn medals in national and international sporting events.

CRICKET

Along with a strong academic curriculum offering, MTMPS provides structured and fully integrated cricket pathways to the students. We have two International Standard Cricket Pitches with Astro-Turf surfacing consisting of hardcore concrete bottom flooring. Along with the infrastructural amenities, we are providing professional cricket coaching students in association with Edusports International.

BASKETBALL

An international Standard Acrylic Synthetic Basketball Court on an asphalt based bottom surface has been installed at Mother Teresa Modern Public School. To facilitate our students to the utmost standard, we have equipped our Basketball court with Flood Lights. National players have been appointed as coaches to hone the skills of our students.

VOLLEYBALL

MTMPS leaves no stone unturned in providing ultra modern sports facilities to its students by establishing an International Standard Acrylic Synthetic Volleyball Court on campus. Morning and Evening sessions of professional coaching by National Players are helping our students compete in district and state tournaments.

HOCKEY

Hockey is our National game and is also an integral part of our sports curriculum. MTMPS organises inter-house tournaments periodically to bring out the best in our students.

FOOTBALL

Football helps the future growth of youth by providing lessons in teamwork, discipline, respect, and physical and mental health. MTMPS understands the importance of these life lessons and therefore we have tied hands with Sports Village for the professional training of our young and passionate football players.

CHESS

Through chess, students improve their general learning skills, learn important social/interactive skills, and develop an array of intellectual skills. So our school recognized the value of learning chess and integrated chess into the curriculum.

CARROM

Carrom helps children develop social skills such as communication, sharing, waiting, taking turns, and enjoying the company of others in the game. By playing carrom, kids can enhance their focus as the game increases their attention span on a particular coin or pocket.

LAWN TENNIS

MTMPS provides an extensive sports and games curriculum because we believe it defines character and teaches children life skills like teamwork, leadership, and patience. We boast all the resources required for any training and world-class sports facilities on our campus. By keeping this in mind, we equipped the best Lawn Tennis court.

BADMINTON

Badminton is more fun, engaging, and fulfilling than computer games, and so we nurture playing badminton at MTMPS. We emphasise physical training elements, which include badminton drills, running activities, skipping, badminton theory lessons, and sports psychology. Our coaches assess the current level of the students, their ability, and their goals and train them to achieve their attainable levels so that tomorrow they make it to the internationals.

SOCIAL AWARENESS

Social awareness is the ability to take the perspective of and empathize with others from diverse backgrounds and cultures, to understand social and ethical norms for behavior, and to recognize family, school, and community resources and supports. We provide opportunities to our students through various events and activities for community service campaigns.

ENTREPRENEURSHIP EXPOSURE

An entrepreneur is a person who is dedicated to discovering something new, exploiting the novel conception, and vision into gainful opportunities by bearing the risk involved in the process. We are committed to giving independent and ignited young minds to society. Thus, we provide entrepreneurial exposure to our students at a very young age. Our students have successfully handled the operations of the school cafeteria and managed events held at the school level.

ADVENTURE PARK

The school has set up an adventure park equipped with the theme of seven steps to success. The park had been set up using innovative ideas. It includes lead and speed climbing—the first and only artificial climbing wall with a height of fifteen feet and a width of five feet—a commando net, a burma bridge, a tyre swing, a tyre tunnel, a huge trampoline, and many more obstacle course trainings to inculcate leadership and adventure spirit among young students. The adventure training is part of our regular curriculum.

CCTV SURVEILLANCE

Keeping the contemporary scenario in mind, we have taken strict measures of child safety, including restricted entry of outsiders into school premises, 24*7 CCTV surveillance, and a total of 121 cameras on the school campus. Bus tracking system through a mobile app and ensuring the presence of female attendants in the junior classes and buses, providing your ward with a safe and secure environment to grow in.

VISITOR'S MANAGEMENT

Seamless Tracking and gathering information with a sharp sense of security inside the premises help improve the documentation of a Visitor's whereabouts. MTMPS VMS focus on the right people at the right time. This Leads to increased security, which is a substantial benefit.

TRANSPORT

A fleet of gps-enabled buses with courteous and well-trained staff ensures the safe, secure, and comfortable journey of the students from home to school and school to home. Every bus is equipped with a tracking system that monitors the convenience of a smooth pickup or dropoff for all the children who use the school transport facility. Campus and bus attendance notifications, notifications about bus expected time of arrival, real-time bus tracking, and secured pin-based pick-up are a few of the features of this tracking system.

**GPS ENABLED

FACE RECOGNITION FOR ATTENDANCE WITH TEMPERATURE CHECK

The attendance of the students and staff is captured electronically through high-speed Face recognition devices installed in the school. These devices also read body temperature and capture photos along with the attendance. Parents get an instant notification as soon as the attendance is captured by the device. These devices check the temperature as well.

FIRE EVACUATION MOCK DRILLS

Mock fire drills and evacuation drills were executed for the entire school to create awareness and preparedness during calamities. The students were trained to be alert, quick, and responsible; to follow instructions; to maintain calm; and to avoid panic to avert stampedes and casualties. The main aim of the drill was to build courage and confidence among students and develop leadership skills. The staff members and the scout team positioned themselves at predetermined vantage points to guide and assist the students as soon as the fire alarm went off. The students quickly moved out in proper lines, covering their noses. Students are trained to reach the safe designated areas allocated for each class in case of an emergency. A head count was done by the class teachers to ensure the presence of everyone. Special training has been imparted to the staff members to handle crises and give first-aid relief if required.

CAREER COUNSELLING SESSIONS

Students of higher grades are offered career guidance sessions. This will give them the opportunity to know about various career opportunities open for them and pursue the right careers as per their potential and interests.

PERSONAL COUNSELLING SESSIONS

Empowering Students to Thrive at MTMPS. The school is dedicated to supporting the emotional well-being of our students through comprehensive personal counselling services. Our experienced and qualified counsellors provide a safe, confidential, and inclusive environment for students to express themselves freely. Our goal is to nurture holistic development and empower students to reach their full potential academically, socially, and emotionally.

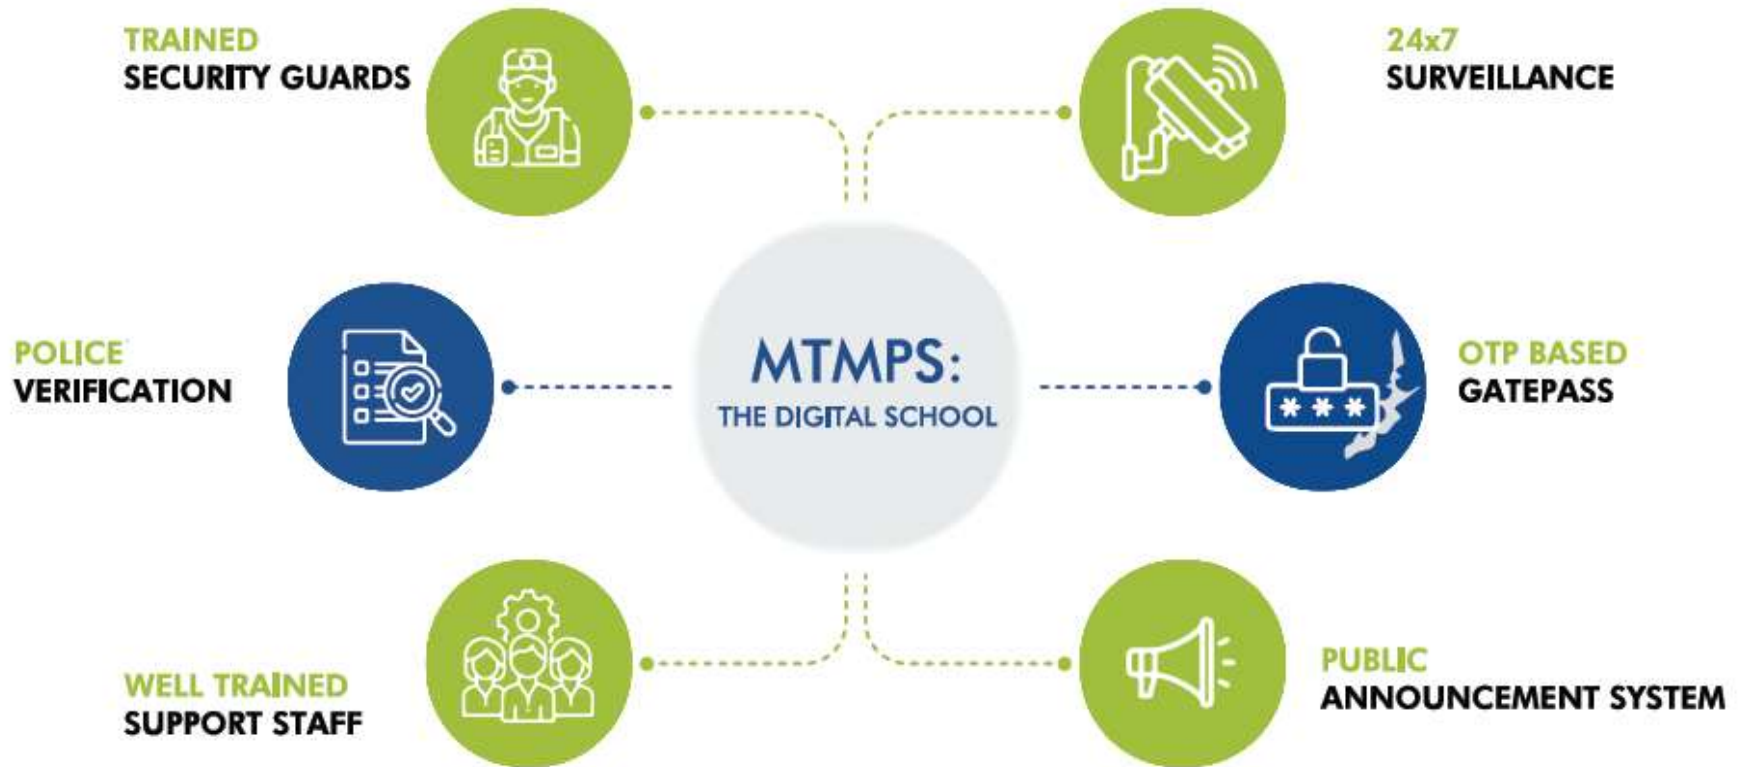

WORKSHOPS

MTMPS conducts Workshops and seminars periodically to enhance skills related to Curriculum, Career, Social Issues, Legal Literacy, cybercrime, and Traffic Rules. For teachers, workshops, seminars, and teacher training programmes are conducted periodically to enhance their teaching skills.

VENUE FOR GOVT. EXAM

Our school has been recognized as an exam centre for different competitive exams and recruitment by the National Testing Agency.

Awards & Recognition

International Education Awards Gurgaon 2022

BEST INFRASTRUCTURE OF THE YEAR AWARD

Asian Education Awards 2023

BEST USE OF TECHNOLOGY

OUTSTANDING HYBRID LEARNING IMPLEMENTATION AWARD

Asian Education Awards 2023

INNOVATION IN EDUCATION AWARD

MTMPS is proud to have received four prestigious recognition awards, highlighting our commitment to providing exceptional education. These include the **Best Infrastructure of the Year** award at the International Education Awards Gurgaon 2022, the **Innovation in Education Award**, **Outstanding Hybrid Learning Implementation in School Awarded by Time2Grow Media in Association with Government of Haryana** and the **Best Use of Technology** award at the Asian Education Awards 2023. These accolades showcase our dedication to creating a transformative learning environment through state-of-the-art facilities, innovative teaching methodologies, and the effective integration of technology. At MTMPS, we prioritize nurturing well-rounded individuals equipped with the skills needed to thrive in the 21st century. Join us on an educational journey where excellence meets education.

EMPOWERMENT WITH 360° DEVELOPMENT

Various activities are being conducted throughout the year that provide a platform for our students to discover and hone their Creative Writing, Creative Thinking, Public Speaking, and Leadership Skills, along with Crisis Management, People Management, and Social Emotional Skills, among others. Thus, every student is exposed to various academic and extracurricular activities throughout the year, focusing on comprehensive development.

THE AREAS OF FOCUS ARE:

OUR COLLABORATION

International

Norquest for Accredited canadian High school program

INTERNATIONAL BLENDED SCHOOLING PROGRAM

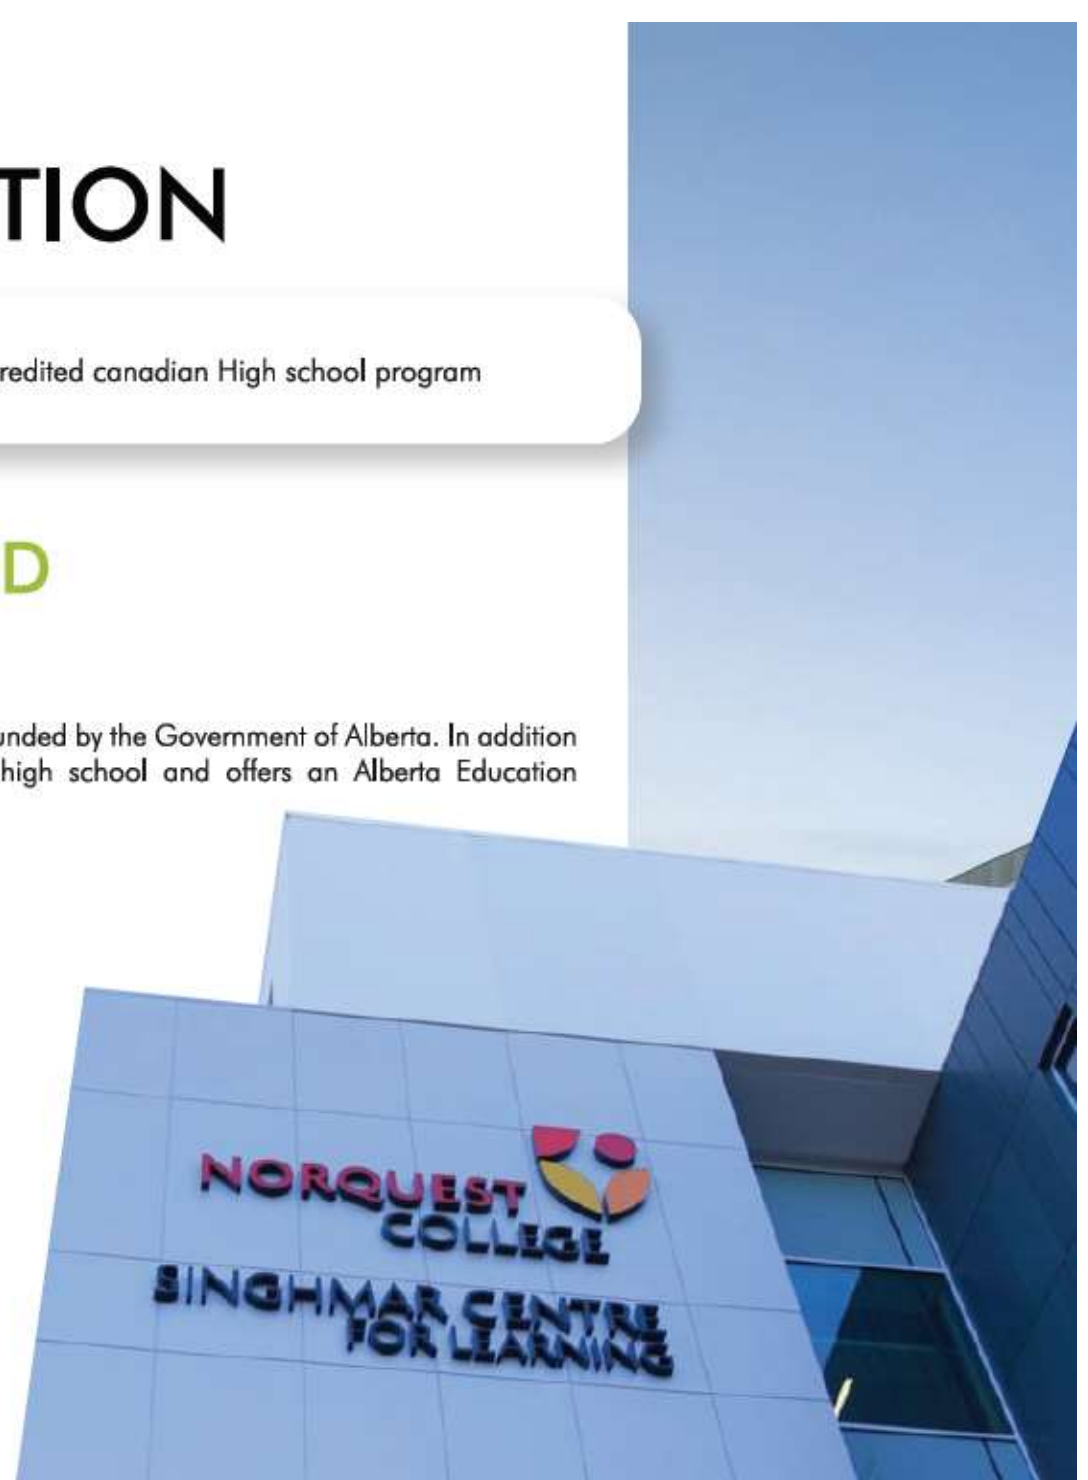

NorQuest College is one of the top public institutions founded and funded by the Government of Alberta. In addition to post secondary programs, NorQuest operates an acclaimed high school and offers an Alberta Education equivalent curriculum.

In this proposed Academic upgrading/high school programme, students in Grades 11 and 12 will be taught by NorQuest educators from Canada using a blended learning model.

Upon successful completion of courses, students will receive Transcripts (including credits) as well as a high school equivalent diploma School Equivalent Diploma from NorQuest College.

Once students successfully complete two courses from NorQuest, their third course and convocation will be held at the NorQuest College campus in Canada.

NorQuest College may also facilitate tours to various universities and colleges in Edmonton, Alberta during the students' Convocation / Summer Vacation Trip.

BENEFITS OF THE PROGRAM

International quality blended instruction by Canadian instructors will enhance students' global exposure through cultural exchange.

Transcripts from Canada may add value to International education opportunities for students aspiring to study in top countries like the US, UK & Australia.

Almost 50% of the UG programme aspirants from India get rejected. Having a Canadian stamp may open the doors for International UG (undergraduate) programmes.

In-person classes and Convocation in Canada will be an exciting experience for students, giving them the opportunity to explore education and career opportunities in Canada during the visit.

Holistic Career Path for International Education and Career Opportunities.

We at Mother Teresa are dedicated to Igniting Young Minds and nurturing the innate talents of our students. In our continuous endeavour to provide holistic development opportunities, we are thrilled to introduce our latest initiative - 'Kalathon,' an Inter-School competition. Kalathon is an exceptional platform designed to discover and appreciate unexplored talent among our young students. It aims to bring together students from different institutes, creating an environment of collaboration, learning, and friendly competition. This exciting Inter-School competition was held on 12th December 2022 at our school campus. Students from various schools participated and showcased their unique skills and abilities.

Kalathon is initiated as the MTMPS annual fest that offers a wide range of categories for students to exhibit their talents. From art, music, and dance to public speaking, debate, and science projects, there's something for everyone. Our expert panel of judges evaluates the performances and award prizes to the deserving winners. Participating in Kalathon not only provides a platform to showcase talent but also fosters personal growth, boosts confidence, and encourages teamwork. It's an incredible opportunity for students to learn from each other, make new connections, and create lasting memories. We extend a warm invitation to all schools and students who share our passion for nurturing young talent to join us for this extraordinary annual event. Let us come together and celebrate the spirit of learning, creativity, and accomplishment at Kalathon.

Kalathon

**LAST YEAR OUR
ENTHUSIASTIC
PARTICIPANTS GOT A
CHANCE TO MEET MOTU
PATLU FROM NICK.**

nick™

Last year at Kalathon Annual Fest, where talent and passion converged for a variety of captivating competitions. It included Best out of waste, poster making, 60 seconds of fame, costume competition, group dance, solo dance, group singing, and solo singing. Participants unleashed their creativity and showcased their unique abilities.

Participants felt the adrenaline surge in thrilling sports such as football, basketball, volleyball, badminton, chess, and carrom.

The fest served as a catalyst for connections and friendships among like-minded individuals, creating lasting memories. It provided an opportunity for self-expression, personal growth, and the joy of friendly competition.

The previous year's Kalathon Annual Fest was a testament to the vibrancy of youthful enthusiasm and achievement. With Kalathon, step into a world of self-discovery, where talent shines and teamwork flourishes. Join us at Kalathon Annual Fest every year and make your mark in an unforgettable celebration of youthful enthusiasm and achievement.
